

**RE: General list of contractors/plumbers for septic tank abatement and sewer connection work**

Dear Customer,

Below are names of contractors and/or plumbers that have performed work for us directly or have worked in our District for developers. They're not listed in any specific order of recommendation or preference. As of March 2017 these contractors have been verified of having a current contractor license, and are bonded and insured to perform the subject work. You can also check with the County of Riverside and/or the City of Desert Hot Springs to request a list of contractors that have current business licenses. I hope this may assist you and good luck with acquiring competitive proposals.

NOTE: This list is only provided to you as an aid. You are not required to hire a contractor from this list.

- Sewer & Septic Pros – 760.329.7600 Oscar Zarate

- Earthworks Construction – 760.673.1325 Brad Yeckly  
License # 977175 Expires 09/30/2018 (Class A)

NOTE: NOT ALL CONTRACTORS INCLUDE THE REQUIRED CITY or COUNTY SEWER OPENING PERMIT FEES IN THEIR PROPOSALS. PLEASE TAKE THIS INTO CONSIDERATION WHEN SELECTING YOUR CONTRACTOR BASED ON LOWEST PROPOSAL/BID AMOUNT.

AVERAGE COST FOR THIS TYPE OF WORK CAN RANGE FROM \$1500 TO \$4500. COST VARIES DUE TO A NUMBER OF CONDITIONS, FOR INSTANCE THE SPECIFIC LOCATION OF YOUR SEPTIC TANK OR THE AMOUNT OF EXISTING LANDSCAPING REQUIRED TO BE RESTORED.
