

## Career Opportunity

### GIS Specialist

---

Having won the most medals of any of the municipal participants, including best in the World in 2020, we are very proud of our water and the measurements Mission Springs Water District has taken to provide, protect and preserve this natural resource. Be a part of our award-winning district. Join our team as our GIS Specialist.

**DEFINITION:** Under general direction, plans, manages, and oversees the daily functions, operations, activities, projects, and programs of the District's GIS databases, database layers, and geographic information systems capabilities; utilizes GIS tools and utilities to perform database quality checking and improvement processes; develops custom and standard maps, spatial analyses and other GIS products; and performs related work as required.

**QUALIFICATIONS:** Any combination of education and/or experience which would likely provide the necessary knowledge and abilities is qualifying. Bachelor's degree from an accredited college or university with major coursework in engineering, geography, information technology, or related field and a minimum of four (4) years of responsible GIS support experience.
