

Customer Service

We're here to help!

From [Setting up New Service](#) to ways to [Pay Your Bill](#), we're here to help. The various pages in this section of the website provide details and helpful information related to billing, rates, resources for assistance in paying your bill, as well as water quality reports, MSWDs emergency preparedness, and ways you can protect your pipes.

If you don't find what you need, just give us a call during business hours at 760-329-6448.
